TABLE OF CONTENTS

INTRODUCTION

Transport is a big issue for students. They sometimes get late for exam settings because there isn't enough space for in the bus that is leaving at that time. The student transport system is an app that will help management know the number of students who booked at that time and how many busses to allocate for them.

This document guide students through the necessary steps of booking for a bus seat.

If you have any questions not covered in this user guide, please contact Ashley @ 072 412 0016.

NEW USER REGISTRATION

Students will be asked to enter the following or select the following information (all items are required).

Steps

Step 1:

Student Number

Enter student number

Step 2:

Name – First and last name

Enter first and last name

Step 3:

E-Mail address

Enter student E-Mail address

Step 4:

Confirm E-Mail address

The E-Mail address entered in this field must match the address entered in the 'E-Mail' field.

Step 5:

Password

Password must at least be six characters long and contain one letter character and one numeric character.

Step 6:

Confirm password

As a security check, students will be asked to retype their password

Step 7:

Select 'Register' to submit the registration information and continue to the next screen.

Login

Students who have previously registered on the app must login the app by:

- Entering their student number
- Entering the password
  Selecting the "login" option to advance to the next screen and proceed using the app.

Home Page

Steps on how to book for a bus seat. It is advisable to book thirty (30) minutes before, so that the management can get to book you a seat.

Steps

Step 1:

Select 'Make booking' option

Step 2:

Indicate the departure date and time of where the student is currently at and the destination

Step 3:

Confirm date and time

The student will then receive a pin that will be used when the bus arrive

Thank you page

A 'thank you' message will appear on the screen with the student booking details

Select "Done" to be taken back to the home page

Management will generate a list of students who requested at that time and assign the bus for those students. The bus will then request the pins of those who requested to use the as confirmation for students to enter the bus
